MCC scraps vehicle cess

Public backlash forces Civic Body to withdraw notice in three days

Mysuru, Apr. 4 (VNS)- Just three days after introducing a motor vehicle cess on two-wheelers, three-wheelers and four-wheelers, the Mysuru City Corporation (MCC) has decided to withdraw the proposal following strong public backlash.

In a press release, MCC Commissioner Shaikh Tanveer Asif stated that the MCC Administrator had decided to withdraw the proposal in view of objections received from the general public.

It may be recalled that the MCC had proposed to levy a motor vehicle cess linked to the Property Identification (PID) number. Under the proposal, property owners were to pay Rs. 100 for two-wheelers, Rs. 200 for three-wheelers and Rs. 500 for four-wheelers.

(See MCC on page 7)

Rs. 18 lakh gold lifted from woman's bag

She was travelling in a KSRTC bus after withdrawing gold from bank locker

Mysuru, Apr. 4 (BLU&BCT)- In a daring theft aboard a KSRTC city bus yesterday, miscreants made away with gold ornaments weighing 262 grams, valued at about Rs. 18 lakh, from a woman passenger's bag.

The victim, Hemalatha of Ramakrishnanagar, had earlier in the day collected her jewellery from a locker at Canara Bank branch near Ballal Circle. At around 2.30 pm, she boarded a city bus from Ballal Circle to Ramakrishnanagar.

During the journey, the thieves allegedly removed the ornaments, including bangles, necklaces, earrings, rings and pearl set jewellery, from her bag without her knowledge.

Midway through the journey, Hemalatha opened her bag to take out her mobile phone to make a call and noticed that the zip of the bag was open. However, it was only after she got down from the bus that she realised the jewellery was missing.

On account of him receiving Rajyotsava Award 2025, his disciples are felicitating him in association with BNKP at Ganabharathi in Kuvempunagar tomorrow (Apr. 5).

6 pm: Vidu. Srividya Rao and disciples of Sri Durga Nritya Academy, Mysuru, will present Bharatanatyam; **6.30 pm:** Stage programme. JSS Mahavidyapeetha Collegiate Education Division Assistant Director B. Niranjanamurthy will inaugurate. BNKP President Guru Vidushi Dr. Sheela Sridhar will preside. Nrityalaya Trust Director Vidushi Dr. Tulasi Ramachandra and Dr. C.G. Prahlad Rao will be the chief guests; **7.30 pm:** Nritya Namana by disciples of Prof. Rao — Vidu. Sabina Lohiya of Chitra Fine Arts & Sri Kalamandira, Bengaluru and Vidu. Padmini Achchi's disciples of Achchi Classical Dance Centre, Bengaluru.

EDITOR'S BOTTOMLINE

AWARENESS OF DEATH SHOULD NOT MAKE US GLOOMY: ***Life is a sacred interval between two profound events, birth and death. At birth, we enter this world innocent, unburdened by fear, untouched by anxiety. A newborn does not worry about reputation, loss or tomorrow. There is pure presence. Yet somewhere along the journey, fear quietly enters. And the greatest of all fears is the fear of death. This fear does not wait for old age; it subtly influences how we live each day. It makes us cling to possessions, relationships and identities. It makes us postpone joy. It makes us anxious about endings. But let us look deeply: Death is not against life; death is part of life. In Gita, Krishn reminds us that death is not merely an event at the end of the body's lifespan. It is a continuous happening. Every moment, something is ending and something new is beginning. The breath you just exhaled will never return. The moment that just passed has died. Cells in your body are constantly dissolving and regenerating. If death were not happening every second, life could not renew itself. We call it 'death' when it is dramatic. We call it 'change' when it is gradual, but the principle is the same. Look at your own life. Childhood had to die for youth to be born. Youth had to give way for maturity to arise. Old beliefs had to collapse for wisdom to grow. If childhood had insisted on staying forever, growth would have been impossible. So why are we afraid of what is natural?***

Fear arises from misunderstanding. We identify ourselves only with the body, role, name. When we think, 'i am only this body', death appears as total annihilation. But if we understand that life is a continuous flow of consciousness expressing through different forms, then death becomes a transition, not a termination... When we resist change, we suffer. When we accept change, we grow. The fear of death often hides a deeper fear — fear of incompleteness. We fear that we have not lived fully, not loved deeply, not expressed authentically. We fear regret more than we fear death itself.

Therefore, the secret to dying peacefully is to live consciously. If you live each day with awareness, gratitude and sincerity, death loses its sting. If you forgive quickly, love openly and act responsibly, there will be no burden to carry. Then whenever death knocks, it will not find panic, it will find peace. Awareness of death should not make us gloomy. It should make us vibrant. When you know time is limited, you stop wasting it in trivial conflicts. When you know nothing is permanent, you stop clinging and start appreciating.

NEWS SPARKLERS

The world's spiciest plant in Morocco

Lagos: Capsaicin, the natural, pain-inducing chemical found in chilli peppers, is well-known for its spiciness, but it might as well be water or milk compared to the spiciest natural compound known to man. Resiniferatoxin is a capsaicin analogue found in resin spurge (Euphorbia resinifera), a cactus-like plant commonly found in Morocco and in Euphorbia poissonii found in Nigeria.

Pepper X, the world's hottest chilli pepper according to Guinness World Records, has a score of 2.69 million units on the Scoville Scale. Most people can't handle that level of spiciness, but it pales in comparison to pure capsaicin, the substance that gives chillies their spiciness. It is rated at 16 million Scoville units. It's a powerful irritant and can cause extreme pain and even death when consumed in high-enough quantities. But even capsaicin doesn't come close to the spiciness of resiniferatoxin.

Motorist fined $138,600 for speeding

Vantaa: A Finnish businessman was fined a whopping 120,000 euros ($138,600) for doing 59 km/h (37 mph) in a 30 km/h (19 mph) zone.

79-year-old Anders Wiklöf is the Founder of Wiklöf Holding AB, a company generating over 350 million euros per year and is also one of the wealthiest people in the northern European country. But he is also a somewhat inattentive driver, which sometimes ends up costing him a small fortune.

Wiklöf was caught doing 59 km/h (37 mph) in a 30 km/h (19 mph) zone while driving his sports car in the Åland Islands archipelago, in the Baltic Sea. The speeding ticket was set at 120,000 euros ($138,600).

The Finnish businessman declared himself lucky to still have a license, considering that drivers doing 30 km over the speed limit have their license suspended.

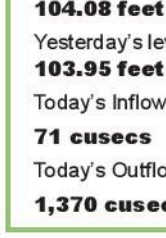
Presentation on Wildlife Photography & Conservation

Mysuru, Apr. 4- Mysore Open Forum (MOF) has organised a presentation on Wildlife Photography & Conservation by M.K. Mukesh, Wildlife Enthusiast and Photographer at on Apr. 5 at 10.30 am at Kalpa Kshetra Auditorium, 581/1, Vijayanagar 4th Stage, 1st Phase, Mysuru. [Mob: 9449819536]



Mukesh

M.K. Mukesh, hailing from Bengaluru, is a graduate of Textile Engineering. After a few years of working in the textile field, his career took a sharp turn and he chose Interior Decoration as his profession. He is a passionate wildlife enthusiast working towards educating youth about the importance of a healthy environment.

His interest in wildlife was prompted by the guidance shown by Chinnappa, a former Forest Ranger. He is interested in talking about lifestyles of 'The Jewels of Nature' as he calls them, including insects, birds, animals etc which, in one way or the other contribute to the welfare of the nature. He highlights the myths surrounding nature & wildlife. Along with a presentation of photographs of wildlife, his lecture will examine existential threats to conservation by institutional apathy and societal disengagement.

The talk is open to all.

VOICE OF THE READER

Do not shrink 80 ft. roads with concrete slabs

Sir,

Recently, I observed that the main road in Rajarajeshwari Nagar, connecting Dattagalli on the eastern side and the Ring Road on the western side, has been altered by the erection of concrete slabs at the centre of the road, thereby narrowing what was once a wide stretch.

Instead of easing traffic flow, this arrangement has effectively reduced the 80-ft.-wide road to about 40 ft., with roughly 20 ft. available on either side.

Another example of this can be seen on Marimallappa's Road in Vijayanagar 4th Stage, 2nd Phase. Mysureans have long enjoyed travelling on wide roads, which have significantly improved driving conditions.

Instead of installing permanent concrete slabs in the middle of 80-ft. roads, the city planning authorities could consider marking the roads clearly in accordance with traffic rules — such as white centre lines, dotted lines, yellow lines and stop markings. Such painted signals would help create awareness among motorists about traffic discipline while preserving the full width of these roads as originally planned.

I request the elected representatives and Government authorities to look into this issue and put an end to the practice of erecting medians on wide roads.

New buildings of Seshadripuram Institute of Technology inaugurated

Mysuru, Apr. 4- The new buildings of Seshadripuram Institute of Technology (SIT), Mysuru, under the Seshadripuram Educational Trust (SET), were inaugurated at Kadakola Industrial Area, Mysuru, recently.

The institute is established on a 10-acre campus with modern infrastructure including laboratories, a central library, hostel facilities for over 800 students and sports amenities.

SIT Mysuru offers engineering programmes in Computer Science & Engineering (CSE), Artificial Intelligence & Machine Learning (AI & ML), Electronics & Communication Engineering (ECE), Electrical & Electronics Engineering (EEE) and Mechanical Engineering (ME), with a focus on technology-driven and skill-oriented education.

Suttur Seer Sri Shivarathri Deshikendra Swamiji and Swami Muktidanandaji graced the inauguration along with VTU Vice-Chancellor Dr. Vidyashankar and other dignitaries.

Nadoja Woodey P. Krishna, Honorary General Secretary of SET, in his welcome address, emphasised the importance of quality technical education and reiterated the Trust's commitment to producing skilled engineers. He noted that the Trust, established in 1944, currently manages 34 institutions across Karnataka, with around 1,500 faculty members and over 26,000 students.

Addressing the gathering, Dr. Vidyashankar highlighted the importance of internships, industry collaboration and innovative learning, stressing that design and critical thinking are essential.

He noted that Artificial Intelligence can be applied across all disciplines and advised students to avoid peer pressure while choosing courses, underscoring the strong future demand for core branches like Electrical, Mechanical and Civil Engineering.

SET President N.R. Pandith Aradhya presided. M.S. Nataraj proposed a vote of thanks.

Ex-Minister S.R. Mahesh alleges corruption in ragi purchase

Mysuru, Apr. 4 (GA&DM)- Alleging irregularities at ragi procurement centres established by the Government, former Minister and JD(S) State Working President S.R. Mahesh charged that the centres have been collecting 4 Kg. of extra ragi for every quintal that is procured.

Former Minister S.R. Mahesh addressing media persons as MLC C.N. Manjegowda, former Mayor R. Lingappa and others look on.

Addressing a press meet here yesterday, Mahesh said ragi procurement centres have been set up at K.R. Nagar, Chunchanakatte and Saligrama in K.R. Nagar Assembly segment, where 60,000 quintals of ragi have been procured. But farmers have suffered a loss of Rs.250 every quintal, he alleged.

Maintaining that the farmers are a distressed lot due to low prices of farm produce, Mahesh claimed that farmers are not getting a fair price not only for ragi, but also for other crops such as Paddy, Tobacco etc., Questioning where have all the transportation cost which has been fixed at Rs. 32 per quintal has gone, he maintained that Chief Minister Siddaramaiah seems to have turned a blind eye to all these irregularities. He wondered what were the officials doing when farmers are being cheated and deprived of fair price.

Accusing the officials of Food and Civil Supplies and Consumer Affairs Department of turning a blind eye to the irregularities, Mahesh said the matter was brought to the notice of the Deputy Commissioner, following which the District Administration seems to have awakened and come forward to address the issue.

Urging the Government to offset the losses suffered by farmers, Mahesh asked the Government to put an end to irregularities in transportation. He warned of staging a demonstration when the CM arrives in city.

Commenting on the High Court's direction to the State Govt. to sanction permission for conducting a probe into the alleged scam in purchase of eco-friendly handbags when Rohini Sindhuri served as Deputy Commissioner of Mysuru, Mahesh while welcoming the HC order, remarked 'Satyameva Jayathe'. The order has upheld the trust the people have in the country's judicial system, he added.

Justice Santosh Hegde discharged from hospital

Santosh Hegde

Bengaluru, Apr. 4 (Agencies)- Former Lokayukta Justice N. Santosh Hegde, who collapsed on stage while addressing the gathering at a felicitation programme organised by Bharat Scouts and Guides at Kondajji Basappa Auditorium, yesterday, was discharged from a private hospital after recovering from a sudden health scare earlier in the day.

The 85-year-old jurist collapsed on stage triggering concerns. Eyewitnesses said Justice Hegde appeared weak and uneasy before sitting down, after which he vomited and lost consciousness.

Organisers and attendees rushed to assist him and provided first aid at the venue before shifting him to a nearby private hospital. Karnataka Legislative Assembly Speaker U.T. Khader, who was present at the event, facilitated his prompt transfer using an official vehicle.

Medical sources indicated that the episode was likely triggered by a sudden drop in blood sugar levels, given that Justice Hegde is a diabetic. He regained consciousness after being admitted and responded positively to treatment. Later, U.T. Khader visited the hospital and said he is doing well, is conscious and has been speaking with family members.

Hospital authorities later confirmed that his condition remained stable and not life-threatening and that he was under observation. With his recovery progressing well and no complications reported, he was discharged yesterday. Doctors said he would continue to be monitored and advised further rest and follow-up care.

Work on Silk Cocoon Market at Bandipalya to begin in May

Mysuru, Apr. 4 (DM)- Sericulture Department Deputy Director C. Nagendrappa said that work on establishing a Silk Cocoon Market on 2.18 acres at the APMC Market premises in Bandipalya on the Mysuru-Nanjangud Road will begin in May.

He was speaking at a progress review meeting chaired by Mysuru District In-charge Secretary S. Selvakumar at the Zilla Panchayat Hall here yesterday.

Nagendrappa said that the Sericulture Department headquarters in Bengaluru has approved the Detailed Project Report (DPR) for the market and the Government has allotted 2.18 acres in the APMC yard for the project. The existing cocoon market at Bandipalya will be shifted to the new location once the facility is ready.

At present, the Mysuru market receives about 20 to 25 lots daily, while the new market will have the capacity to handle up to 60 lots, he added.

Normal rainfall

Joint Director of Agriculture K.H. Ravi said that the district has received 94.8 percent of its normal rainfall so far. However, sowing of ragi was affected due to a shortfall of rain in September last year. With rainfall returning to normal later, ragi has now been sown across about 26,000 acres in the district.

He said there was no shortage of fertilisers or sowing seeds. However, the Government has been sent a proposal regarding the growing demand among farmers for agricultural equipment. The matter has also been brought to the notice of the District In-charge Minister seeking release of funds, he added.

Animal Husbandry Department Deputy Director Dr. C. Nagaraj appealed to the administration to exempt Veterinary Department staff from Census duty, as the Foot-and-Mouth Disease vaccination drive for cattle will begin in the district from April 23. He said deputing staff for Census work would affect the vaccination campaign.

Responding to the request, Additional Deputy Commissioner Dr. P. Shivaraju said the District Administration is already facing a shortage of about 400 personnel for Census work. However, the request could be considered if additional staff is available after the final listing of enumerators.

Jal Jeevan Mission

The Executive Engineer of the Rural Water Supply and Sanitation Department said that out of 1,890 works taken up under the Jal Jeevan Mission (JJM), 1,722 have been completed and the rest are in progress. Under the 'Har Ghar' initiative, 755 out of 1,128 villages have been declared complete, while the remaining villages will be covered in phases.

District Health Officer Dr. P.C. Kumaraswamy said the Health Department has taken necessary measures to prevent the outbreak of epidemic diseases with the onset of summer and has also initiated steps to reduce mortality rates.

An interesting discussion also took place regarding the handover of a Boys' Hostel. Public Works Department Executive Engineer Padmanabha said the hostel building has been completed and only needs to be handed over.

However, the District Officer of the Minorities Welfare Department said the department had not yet taken possession of the building due to a lack of safety measures, although the Girls' Hostel has already been handed over.

Questioning the delay, Selvakumar asked why safety concerns had been raised only in the case of the Boys' Hostel when no such issue had arisen with the Girls' Hostel. After hearing both sides, he directed officials of the two departments to meet the District In-charge Minister and resolve the issue. He also instructed them to start hostel admissions at the earliest.

Deputy Commissioner G. Lakshmikanth Reddy, Zilla Panchayat CEO S. Ukesh Kumar, Chief Planning Officer K.B. Prabhuswamy, Deputy Secretary Savitha and officials of various departments were present.

'Three lakh city homes to get piped gas in 5 years'

Clearances at Government and MCC levels have slowed down rollout

Nitin, Vice President of Think Gas Private Limited, addressing media persons in the city as other officials look on.

Mysuru, Apr. 4 (BLU&BCT)- Nearly three lakh households in Mysuru city will be connected to Piped Natural Gas (PNG) over the next four to five years, Nitin, Vice President of Think Gas Private Limited, said recently.

Addressing a press conference at Hotel Sandesh The Prince, he said a 160-km steel pipeline has already been laid from Bidadi near Bengaluru to Mysuru to facilitate gas supply.

At present, 5,400 households and 14 industries in Mysuru are receiving piped gas. In total, 242 km of distribution pipeline has been laid in the city.

More than 43,400 households have registered for PNG connections and about 10,000 of them will be connected within the next six months, he said.

Nitin acknowledged that legal and administrative procedures at Government and Mysuru City Corporation (MCC) levels had slowed the rollout but assured that the project is progressing steadily. He said safety has been a priority in the pipeline design, ensuring resilience even during natural disasters.

Addressing concerns about global supply disruptions, Nitin clarified that the ongoing Middle East conflict has not affected gas availability. "We are supplying gas to 14 locations across Karnataka, including Mysuru and have sufficient reserves to meet demand," he said.

Senior Vice President Brijesh Singh and Regional Head Sanjeev Soman were also present. Earlier, AG&P Pratham had taken up the PNG project in Mysuru. Now, it has merged with Think Gas to operate under a single brand.

Art of Living programme

Mysuru, Apr. 4- Sri Ravishankar Guruji's Art of Living Presents 'Naadi Pariksha' (Pulse Diagnosis) Camp tomorrow (Apr. 5) at Art of Living Ashram on Lalithadripura Road, Mysuru. For appointment contact Mob: 98861-86580, according to a press release.

'Centre promoting entrepreneurship'

Union Minister Dr. Jitendra Singh at CSIR-CFTRI

Union Minister of State for Science, Technology & Earth Sciences Dr. Jitendra Singh at the food products expo organised at IFTTC Auditorium in CSIR-CFTRI campus in city yesterday as others look on.

Mysuru, Apr. 4 (BLU&DM)- Union Minister of State for Science, Technology and Earth Sciences Dr. Jitendra Singh said that the Union Government has come forward for engaging the private sector in fields such as Science and Technology and even in nuclear power.

He was delivering the valedictory address of the Platinum Jubilee (75th anniversary) celebration of CSIR-CFTRI at CFTRI's IFTTC Auditorium on KRS Road in city yesterday.

Maintaining that the Union Government will provide the necessary technical and financial support for entrepreneurship development, Dr. Jitendra Singh observed that the Government has taken this decision when no one had expected it.

Stressing on the need for inclusivity in order to give fillip for growth, he said that Start-Ups are the future of the country. "The Centre has also a part of responsibility in taking small enterprises to the global stage or network expansion through capacity building. As such, the Union Government has been creating a favourable atmosphere for scientific research and innovation," he noted.

Asserting that CFTRI has played a major role in ensuring food security in the country, the Union Minister said, the Institute which is always on the path of progress, has laid a strong foundation for sustainable development. Emphasising that CFTRI's innovations and products should reach every common man of the country, he said all innovations should be digitalised and the Institute should make small videos of its recipes. The Institute should also hold interaction with farmers and entrepreneurs and to promote entrepreneurship by dissemination of knowledge and technology.

Stating that the country's economy is stable at a time when most of the nations are facing an economic crisis due to global Geopolitics and west Asia tensions, he said that Institutes like CFTRI and other Science & Technology Institutions have played a key role in ensuring the country's economic stability. The CFTRI should expand its network and promote food processing industries for creating a revolution of sorts in production of Nutritious foods.

CSIR Director-General Dr. N. Kalai Selvi, in her address, called for more innovations in formulation and preparation of Space Food Systems.

Mysuru-Kodagu MP Yaduveer Wadiyar, in his virtual address, highlighted the support extended by the erstwhile Mysore rulers for the establishment of CFTRI. He wished the Institute for coming up with more innovations and achievements in the coming days.

Dr. Jitendra Singh released a couple of souvenirs brought out marking the 75 anniversary of CFTRI and special stamp and postal envelope on the occasion.

The Minister also inaugurated the 'Bio Nest Incubation Centre' in the CFTRI campus and laid the Foundation stone for the Hostel Block being constructed under Rashtriya Krishi Vikas Yojana (Remunerative approaches for Agriculture and Allied Sectors Rejuvenation) at CFTRI's Maragowdanahalli campus. The block features class rooms for training sessions and residential facilities.

CFTRI Director Prof. Giridhar Parvatam, BIRAC (Biotechnology Industry Research Assistance Cuncil) MD Jitendra Kumar and Food Scientist Prof. Chindi Vasudevappa were present.

Passengers escape unhurt as KSRTC bus battery catches fire

Mysuru, Apr. 4 (VVH&BCT))- A major accident was narrowly averted last evening when the battery of a KSRTC city bus caught fire near the South Gate of the Mysore Palace.

At around 6 pm, thick smoke suddenly engulfed the bus (KA-42-F-1974).

Sensing danger, the driver immediately pulled the vehicle to the side of the road, evacuated the passengers and disconnected the battery wires, preventing a serious accident.

Speaking to *Star of Mysore*, the bus driver, Pavan, said that dense smoke began filling the bus while it was in motion. On checking, he noticed flames near the battery compartment.

Though the middle door failed to open despite repeated attempts, passengers were safely evacuated through the front door. With the help of members of the public, the fire was brought under control. Authorities have praised the driver's presence of mind and swift action, which helped avert a potential disaster.

Traditional board games unveiled at Ramsons Bombe Mane

Kannada film actor Vinay Rajkumar (5th from right), author Ganesh Shivaswamy, R.G. Singh of Ramsons Bombe Mane, Mysuru Book Clubs Charitable Trust Founder Chairperson Shubha Sanjay Urs, Curator of Ramsons Kala Pratishtana Raghu Dharmendra and other dignitaries, unveiling various sets of desi board games, at Ramsons Kreeda Kaushalya at Ramsons Bombe Mane in city yesterday. Picture right shows an artistic representation of desi board game.

Mysuru, Apr. 4 (VVH&BS)- Ramsons Kreedaa Kaushalya, the 11th Edition biennial of traditional Indian Boardgames, was inaugurated at Ramsons Bombe Mane in Nazarbad yesterday. The speciality of the event was the introduction of a new race game - *Patra Gattam*.

While Kannada film actor Vinay Rajkumar inaugurated the event, author Ganesh V. Shivaswamy unveiled the new boardgames. Mysuru Book Clubs Charitable Trust Founder-Chairperson Shubha Sanjay Urs released the revised edition of the book 'Indian Traditional Boardgames.'

Vinay Rajkumar said, it is a matter of pride that Ramsons Kala Pratishtana has kept the tradition of desi game alive, by introducing the indigenous games to the younger generation. He recalled his visit to Ramsons, along with his grandfather and Thespian Dr. Rajkumar and family members.

Recalling the fascinating history, that describes the bond between Mysuru and the board games, Vinay Rajkumar said, the erstwhile Maharaja of Mysore Mummadi Krishnaraja Wadiyar, has an avid interest in the board games. Mummadi had conducted several studies to understand nuances of the game, it is said.

Ganesh Shivaswamy said, when mobile and video games have become the buzz word in this digital era, the traditional games are pushed into oblivion. The ancient games played a key role in strengthening the relationships in life. Hence, the initiative has been taken to bring back desi games to the forefront.

In all, 32 different sets of board games, made using silver, teak wood, brass, copper, enamel and other materials are kept on display.

For the first time, *Patra Gattam* game has been introduced to Mysureans. The simple single track game is played by two persons with seven counters for each player, which is a typical race game.

The Lambani embroidery craft form has been used to create cloth game boards with wooden counters from Channapatna.

Dr. Manik A.V. Bengeri, a retired banker, author and musician, R.G. Singh of Ramsons Bombe Mane, curator Raghu Dharmendra, Ajay Kumar Singh, Rahul Singh, Manish Sharma, Srikanth, Arinitha, Preethi, Rahul and others were present.

Open till May 31

Ramsons Kreedaa Kaushalya will be open to public between 10 am and 7 pm till May 31.

Minimally Invasive Stem Cell Therapy at Manipal Hospital

Dr. T.P. Dinesh Kumar, Consultant - Urology and Andrology & Kidney Transplant Surgeon, addressing media persons as Chief of Medical Services Dr. Upendra Shenoy and Hospital Director B.J. Sandeep Patel look on.

Mysuru, Apr. 4 (KS)- City's Manipal Hospital is offering a new hope for Recurrent Urethral Stricture patients with Minimally Invasive Stem Cell Therapy.

Addressing a press meet at Patrakarthara Bhavan in city recently, Consultant – Urology and Andrology & Kidney Transplant Surgeon Dr. T.P. Dinesh Kumar, Hospital Director B.J. Sandeep Patel and Chief of Medical Services Dr. Upendra Shenoy highlighted this breakthrough and its implications for future urological care.

Raghu (name changed), a 30-year-old male with difficulty passing urine and a thin urinary stream, consulted Dr. Dinesh Kumar. He had a history of urethral stricture and had undergone visual internal urethrotomy a year back at Bengaluru. While the procedure relieved his symptoms, the relief was short stayed and the problem recurred within six months.

Explaining the condition, Dr. Dinesh Kumar said, "Urethral strictures usually develop due to unnoticed trauma, infections or inflammation of the urinary passage. Even after surgery, recurrence is common because scar tissue tends to reform."

"Instead of subjecting the patient to major surgery, we opted for a minimally invasive approach that focuses on regenerating healthy urethral lining rather than repeatedly cutting scar tissue," Dr. Dinesh explained.

For this procedure, stem cells were harvested from the patient's oral mucosa (inner cheek) and sent to a specialised regenerative laboratory in Pune, where they were multiplied.

The processed cells were converted into a therapeutic solution and using a cystoscope, the narrowed segment was gently treated with a laser and the stem cell solution was injected into the affected area without any external cuts. Dr. Dinesh said, "The advanced stem cell therapy is minimally invasive performed using precise laser and endoscopic techniques. Since the therapy uses the patient's own cells, there is no risk of rejection. Healing is faster, recovery is smoother and the chances of recurrence is reduced, thus offering a new hope for patients with recurrent urethral strictures."

Following the procedure, the patient showed significant improvement.

Hospital Director Sandeep Patel stated, "This case is a testimony to Manipal Hospital Mysuru's clinical expertise, cutting-edge facilities and its expert capacity in managing end-to-end regenerative medicine, from cell collection and specialised laboratory processing to accurate minimally invasive distribution."

Dr. Upendra said, "stem cell–based therapy offers a more patient-friendly approach by promoting natural healing and reducing recurrence."

Skyway 'Summer holiday sale-bration 2026' tomorrow

Mysuru, Apr. 4- City's Skyway International Travels Pvt. Ltd. is organising the biggest summer holiday mela 'Summer holiday sale-bration 2026' tomorrow (Apr. 5) at Hotel Southern Star on Vinoba Road here from 11 am to 7 pm. Skyway has curated portfolio of domestic and international travel packages that reflect both diversity and practicality.

Within India, the company presents a wide array of destinations that cater to different interests, from spiritual journeys to scenic getaways. Packages such as Varanasi and Ayodhya, Char Dham Yatra will take the tourists on spiritual journey and for those seeking leisure, destinations like Andaman, Kashmir, Kerala, and Himachal Pradesh provide a balance of relaxation and exploration, while regions like Assam and Meghalaya open up access to the lesser-explored beauty of the North East.

The company is also offering international getaway packages to destinations such as Singapore and Malaysia, Sri Lanka, Thailand and Bali, Europe, Australia, Kenya, Vietnam, Cambodia and Russia offering unique experiences tailored to diverse traveller preferences.

Each package is clearly defined, with transparent pricing, fixed durations and detailed inclusions such as accommodation, meals, transfers, local guides and applicable taxes, ensuring that travellers are fully informed before making a decision.

Search on to locate missing Kerala trekker in Kodagu

ANF to launch search today at Thadiyandamol hill ranges

Madikeri, Apr. 4 (PS&BCT)- An intensive search is underway by the Kodagu Police, residents and the Forest Department to trace a woman tourist from Kerala, who went missing while trekking in the Thadiyandamol hill ranges on Thursday.

Sharanya

The latest update from the Thadiyandamol hill ranges on Saturday morning indicates that teams from the Anti-Naxal Force (ANF), stationed at Bhagamandala and Karike, will join the search operations today.

The ANF teams are equipped with advanced systems capable of detecting human presence deep inside forest areas.

Sharanya, aged 36, a native of Kozhikode in Kerala, had checked into a homestay owned by B. Nanda at Kabbinakadu near Kakkabbe village after booking her stay online. She had also booked an online ticket for trekking and had set out towards Thadiyandamol, Kodagu's highest mountain.

Sharanya, who works as a techie, had reportedly arrived in Kodagu without informing her family. On Thursday, she joined a group of trekkers heading to Thadiyandamol. However, during the trek, she is believed to have lagged behind the group while playing with the dogs and eventually lost contact with others.

According to sources, the homestay owner had dropped her off on a two-wheeler up to the hill gate. As she was trekking alone, the Forest Department initially refused to provide a staff escort and instead permitted her to join a group of trekkers from Bagalkot.

With no mobile network in the area, Sharanya reportedly attempted to contact her companions but could not reach them. Later, she is said to have informed the homestay owner that she had lost her way in the forest.

Soon after, her mobile phone became unreachable, raising concerns about her safety. Even after more than 24 hours of search operations, no breakthrough has been achieved so far, posing a major challenge for the Police and forest officials.

A massive search operation has been launched involving more than 60 Forest Dept. personnel along with Police teams. Several search teams, assisted by a 25-member youth group from Kakkabbe village, have been combing the dense forest areas around Thadiyandamol. Sniffer dogs have also been deployed, but no concrete trail has been found yet. Sharanya's brother Shyam has arrived from Kerala and joined the search efforts. The region is also known for frequent movement of wild elephants, adding to the complexity and risk involved in the search operation.

DCF (Madikeri) Abhishek said that five search teams, including two with Police personnel, have been formed. "We are searching at several locations. The Kodagu District Sniffer Dog Squad has also been involved in the operation and drones are being used in the search," he said.

Two convicted in Govt. cheque defrauding case

Mysuru, Apr. 4 (MK&BCT)- The First Additional Chief Judicial Magistrate (CJM) Court has sentenced C. Venkatesh, aged 63 and Jayalakshmi, 68, residents of Janathanagar here, to one year and six months of rigorous imprisonment along with a fine of Rs. 30,000 for conviction under each IPC sections, for defrauding the Government of Rs. 4 lakh.

Venkatesh, a Group-D employee at the Assistant Commissioner's Office, Mysuru Sub-Division, had allegedly stolen a Government cheque (No. 061283) and fraudulently issued it in Jayalakshmi's name.

He forged the signature of the Assistant Commissioner, enabling Jayalakshmi to transfer Rs. 4 lakh from Government's savings account to her own account.

Lakshmipuram Police had registered a criminal case. Then PSI Prabhudev investigated and filed the charge sheet. After trial, Judge A.G. Shilpa convicted accused under IPC Sections 379 (theft), 420 (cheating) and 471 (using forged documents) R/w 34. Senior Assistant Public Prosecutor K. Prakash argued the case.

HSRP number plates to old vehicles on hold, mandatory for new

Bengaluru, Apr. 4 (Agencies)- The mandatory rule to install High Security Registration Plate (HSRP) number plates to vehicles has been relaxed in the State.

The Ministry of Road Transport and Highway had issued an order making it mandatory to install HSRP number plates for all vehicles, however, following a poor response from the vehicle owners, the mandatory rule has been relaxed and put on hold.

The State Government had earlier extended the deadline several times to install HSRP number plates. According to reports, out of the 2 crore old vehicles, registered before Apr. 1, 2019, 1.41 crore vehicles were yet to fix HSRP number plates with only 59 lakh vehicles installing new HSRP number plates.

With the rule relaxed for the old vehicles, measures have been initiated to mandatorily install HSRP number plates to the new vehicles, said RTO officials.

MCC scraps vehicle cess

(Continued from page 1)

Under the now-scrapped rule, residents were required to declare the number of vehicles they owned during the annual Property Tax payment, based on which the cess would be calculated. The proposal had triggered widespread resentment among citizens, many of whom questioned why they should pay a tax for vehicles parked within their own premises.

Several organisations and members of the public had also objected to the move, stating that the new cess would add to the already rising expenses of households. Some questioned the need for such a levy when vehicle owners had already paid road tax at the time of purchasing their vehicles.

In a bid to augment revenue, the MCC had recently introduced several new levies, including the vehicle cess, along with a 25 percent hike in water charges and revised Property Tax. The Civic Body has also increased UGD cess, besides deciding to collect Solid Waste Management (SWM) charges from commercial establishments and other bulk waste generators.

Citizens alleged that the decision had been taken without adequate public consultation, leaving many residents frustrated and questioning the role of local Legislators and Ministers. With rising costs already burdening households, several residents argued that the Government should intervene to prevent further financial strain.

Aged woman dies in road accident

Mysuru, Apr. 4 (SPN&BS)- A 75-year-old woman was killed, after a two-wheeler allegedly knocked her down, while crossing Male Mahadeshwara road (Mysuru-T. Narasipur road) at Yaraganahalli, in the city recently.

Mahadevamma, a resident of Vidyanagar, is the deceased person. She was allegedly hit by a two-wheeler ridden by Prem Kumar, which was coming from Giriyabhovi Palya side, in the evening. Mahadevamma, who sustained head injuries fell to the ground and was being rushed to a hospital, when she breathed her last. Siddarthanagar Traffic Police have registered a case.

Gold lifted from woman's bag

(Continued from page 1)

Hemalatha has lodged a complaint at Kuvempunagar Police Station and investigations are underway. Police told *SOM* this morning that the crime appears to be the handiwork of professional thieves who target KSRTC bus commuters and get down from the bus soon after stealing valuables from passengers' bags.

"There are people who keep watch on customers at banks. Someone might have noticed Hemalatha taking out gold from her locker and passed on the information to the gang, who then followed her to the KSRTC bus and committed the theft," the Police said, adding that a case has been registered and investigation is underway.

Vision Mysuru 2050 contest: 'Project Shudhi' bags laurels

Pollutant-reducing project developed by three students from Excel Public School

Mysuru, Apr. 4 (BCT)- Students of Excel Public School have developed an eco-engineered filtration system to tackle urban water pollution and emerged winners at the Vision Mysuru 2050 Grand Finale, organised by the SDM Institute for Management Development.

The project, titled 'Project Shudhi', is a modular multi-stage filtration unit designed for installation in drainage networks to reduce pollutants in stormwater before it enters lakes and other water bodies. The team secured first place among 317 entries presented by students and innovators.

The project was developed by Dishaa Arjun (Class 9), K.M. Saanvi Bojamma and Amritha Biligiri Prashanth (Class 10) under the guidance of mentor Akhil Sasankan.

Designed as a low-cost and easily deployable system, Project Shudhi aims to address the growing problem of urban water pollution caused by stormwater runoff and improper waste disposal in drains.

Dishaa Arjun said the idea emerged after observing the deteriorating condition of several lakes in Mysuru, including Koorgalli Lake and the increasing misuse of stormwater drains for dumping waste.

Multi-stage filtration system

"We spent nearly a year studying the issue and analysing the types of waste entering the drainage system. We realised that the problem was not limited to visible waste but also included micro-level pollutants.

This led us to design a multi-stage filtration system, with each layer targeting specific contaminants," she said.

The filtration unit works through multiple stages, including aeration, vortex-based separation, sediment capture and adsorption media to progressively remove pollutants from stormwater.

Installed along stormwater drains, the system intercepts polluted water before it flows into lakes, ponds and rivers, trapping solid waste, microplastics, oils, heavy metals and sediments at the source.

Built using low-cost and upcycled materials, the solar-powered system is designed to be affordable, low-maintenance and easily deployable at multiple locations. Over time, the system can reduce pollutant load, prevent algal blooms, protect aquatic life and improve the health of urban water bodies, the students said.

Excel Public School Principal Mathew K.G. congratulated the students and mentors, describing the achievement as a proud moment for the institution. He said the school encourages students to apply classroom learning to real-world challenges through inquiry-based learning and interdisciplinary work.

City's future ideas showcased at Vision Mysuru 2050 finale

Mysuru, Apr. 4 (BCT)- The Grand Finale of Vision Mysuru 2050, an ideation challenge organised by the Shri Dharmasthala Manjunatheshwara Institute for Management Development (SDMIMD), Mysuru, was held at the institute's campus.

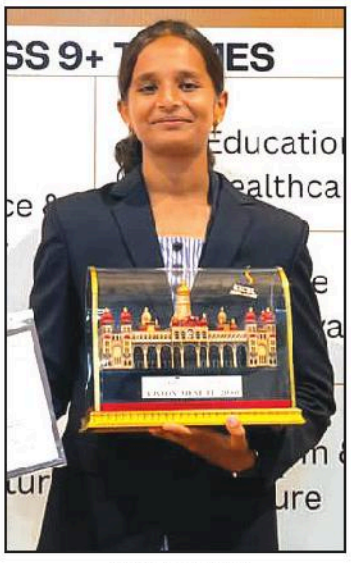
The event brought together student innovators, civic leaders, industry experts and academicians to present ideas aimed at shaping the future development of Mysuru.

Out of 317 submissions received from across the city, the top five ideas were shortlisted through a multi-stage evaluation process and presented before a jury at the finale.

The Vision Mysuru 2050 title was awarded to 'Project Shudhi' by Team Eco Prabal, represented by Dishaa Arjun and team from Excel Public School, Mysuru.

The winners received a cash prize of Rs. 50,000 and a memento jointly sponsored by SDMIMD and rProcess Outsourcing Services Pvt. Ltd.

The second prize went to Team Gandabherunda, represented by Rohith R. Kuthnikar, for the project 'M15 Grid'. Rohith, who



Dishaa Arjun

works at L&T Limited, Mysuru, received a cash prize of Rs. 25,000 and a memento sponsored by Mysuru Grahakara Parishad (MGP) and Minds United for Health Sciences & Humanity Trust, Mysuru.

The jury panel comprised Regional Commissioner Nitesh Patil, DRC Cinemas Managing Partner Vaishali Hanumanth, St. Philomena's College former Principal Fr. Leslie Moras, Aim High Consulting CEO Ravishankar, Excelsoft Technologies Executive Director and Board Member

Shudhi Project

of Shruthi Sudhanva.

Speaking on the occasion, Nitesh Patil commended the participants for their innovative ideas and civic engagement. He said such grassroots initiatives have the potential to evolve into a transformative movement for the city and should be continued every year.

Patil said Vision Mysuru 2050 could serve as a meaningful bridge between citizens and district authorities in shaping the future of the city.

SDMIMD Director Dr. (Lt. Col.) S.N. Prasad said the initiative aimed to bring together young minds to reflect on the future of Mysuru and generate actionable ideas for the city's development.

3rd Lions District Convention in Mandya tomorrow

District Governor Lion K.I. Rajashekara MJF, addressing media persons at Pathrakarthara Bhavan, in city. First VDG Lion Su Mathidevkumar, Host Committee Chairman Lion Jaykumar, Ambassador Lion K.D. Kariappa, Secretary Lion and M.V. Nandish, Treasurer Lion Manu, ADCS and Lion Naveen Subramanyam were present.

Mysuru, Apr. 4- The 3rd District Convention of Lions Clubs International, District 317G, will be held on Apr. 5 at Hotel Amaravati in Mandya.

Addressing media persons at Pathrakarthara Bhavana in the city, Lions District Governor K.L. Rajashekara said, High Court Justice E.S. Indiresh, will participate as the chief guest. Lion N. Mohan Kumar, Multiple Council Chairman, MD 317 will be the guest of honour.

Lions members, leaders and dignitaries from across the district will participate in the event.

The theme of the convention is "Empowering Communities, Empowering Change". The event aims to celebrate service excellence, encourage leadership development and strengthen spirit of volunteerism among members.

Two arrested for poaching at forest fringes

Car, guns, cartridges, gunpowder, swords and several other articles seized from accused at Kabini backwaters

Mysuru, Apr. 4 (MTY&BS)- Forest Mobile Squad personnel have arrested two persons from Kodagu on the charges of poaching wildlife for meat, at forest fringes.

The accused are identified as K.H. Suresh Kumar alias Girish, 43 and M.B. Madhusuhan alias Prajwal Gowda, 29, both from Koothi village, Somwarpet taluk, Kodagu.

One Maruti Alto car (KA 04 MJ 4989), double barrel gun, single barrel gun, 14 cartridges, gunpowder, glass pieces, swords, six snares made of clutch wires, two torch gas cylinders, burner, tarpaulin, cooker, utensils and other articles, have been seized from them.

Following the death of a tiger caught in snare laid at an agricultural field in Agasanahundi, H.D. Kote taluk, coming under Metikuppe Range of Nagarahole Tiger Reserve forest, the Forest Mobile Squad had stepped up patrolling in the villages in forest fringes. The accused were found moving suspiciously in a car at Kabini backwaters area near Bheemanakolli Mahadeshwara Temple, in Bandipur Tiger Reserve forest, when the squad personnel intercepted the vehicle.

Upon enquiry, the duo made a bid to hoodwink the squad personnel, by stating that they were among devotees visiting Mahadeshwara Temple. However, the personnel searched their vehicle, only to find, arms and weapons and meat in the cooker.

After intense quizzing, the accused spilled the beans about, how they had set out from Somwarpet on Apr.1, laid snares at six places at the Palm Farm belonging to Horticulture Department at Kabini backwaters and spent overnight in the car. As no animals were caught in the snares, they were driving around, to lay the trap elsewhere, when they fell into the hands of forest mobile squad.

The two were involved in poaching wild animals since 2009 at Bheemanakolli and surroundings and were mainly targeting wild boars and deer. Later, they were burning the pelt using gas cylinder and burner and taking the meat home and splitting among themselves.

DCF of Forest Mobile Squad G. Rudresh supervised the arrest, that was executed by a team involving RFO K. Surendra, DRFO V. Muthuraju, Patrolling Guars Tirupati Pujar and others.

Boy electrocuted

Mysuru, Apr. 4 (PM&KS)- A seven-year-old boy died after he was electrocuted while playing in his house at Kailaspuram, Mandi Mohalla on Thursday last .

The deceased boy is Mohammed Ali (7), son of Mohammed Kareem.

It is learnt that the marriage of Kareem's relative was scheduled on Sunday and a pre-wedding event was held at Kareem's house. As the event was underway, Kareem's son Ali, who was playing inside the house, came in contact with an electric wire and was electrocuted, Mandi Police said.

The boy was immediately rushed to a hospital but he could not survive. Mandi Police have registered a case.

LLM student alleges harassment; FIR filed against man, his mother

Mysuru, Apr. 4 (GA&KS)- A 26-year-old woman pursuing her LLM at a private law college in the city has lodged a complaint alleging mental and physical harassment by her friend and his mother.

The complainant M.S. Nayana, has named Pradeep Soleman and his mother, Kalavathi, as the accused. In her complaint, Nayana has urged the Police to help recover four bank cheques, 80 grams of gold jewellery, Rs. 4 lakh in cash, a Bullet bike purchased in her name and a mobile phone, which she alleges were taken away by the duo.

According to the complaint, Nayana came to know Pradeep, then a third-year law student, through a friend. She later became acquainted with his mother Kalavathi, who runs a photocopy shop near Sathagalli Bus Depot.

Nayana has alleged that the two gradually gained her trust and told her that Pradeep's father, Joseph, an advocate, would represent her in a temple-related case.

She claimed that Pradeep and Kalavathi collected Rs. 5 lakh from her father for the case. However, Joseph passed away during the COVID-19 pandemic and the two later began giving excuses regarding the matter.

Deepfake photo to harass

Nayana further alleged that a deepfake photo of her was created and used to threaten and harass her. She claimed that the accused also obtained her blank cheques and used them to purchase items such as an oven, a mobile phone and a Bullet bike, while forcing her to pay the monthly instalments.

She also stated that Pradeep had prepared a fake document claiming that she was earning a monthly salary of Rs. 55,000, besides falsely mentioning that she was married and belonged to the Christian faith.

When she questioned this, she was allegedly threatened by the accused. She also alleged that she was taken to a church where her 'kumkum' was removed.

Nayana stated that she initially did not inform her parents about the harassment as she feared it would shock them.

However, when bank recovery agents began visiting her house regarding loan repayments, she informed her parents about the ordeal.

According to the complaint, when her father approached Pradeep and Kalavathi, requesting them to return the blank cheques and money, the accused later came near her college and called her aside on the pretext of speaking with her. She alleged that they assaulted her and threatened to ruin her life.

Based on the complaint, Krishnaraja Police have registered a case and further investigation is underway.

Bogus site allotment case

Woman cheated of Rs. 28.95 lakh

FIR against housing society

Mysuru, Apr. 4 (GA&BCT)- Lakshmipuram Police have booked a housing society for allegedly cheating a 47-year-old woman of Rs. 28.95 lakh on the pretext of allotting her a residential site.

The society had reportedly convinced the woman that it was developing a residential layout at Varakoodu village in Varuna Hobli of Mysuru taluk.

It claimed that the project had approval under the Real Estate (Regulation and Development) Act, 2016 (RERA), had GST registration and that it was authorised to collect funds from the public. The society had also cited a partnership with another builder to gain her confidence.

Believing these assurances, the woman paid Rs. 15.45 lakh on July 1, 2024 and later made additional payments, taking the total amount paid to Rs. 28.95 lakh.

However, despite repeated follow-ups, the society failed to register any site in her name and instead kept delaying the process with promises of executing a sale agreement.

Growing suspicious, the woman approached the RERA office directly, where she reportedly learnt that the society was not registered under RERA and had no authority to develop housing layouts.

Based on her complaint, Lakshmipuram Police have registered a case against the society's President, Vice-President, Secretary and other office-bearers on charges of cheating and misrepresentation.

Gold worth lakhs stolen

Mysuru, Apr. 4 (SPN&BS)- Thieves broke into a house through rear door and made away with gold valuables worth several lakhs of rupees at T.K. Layout in the city recently.

The theft has occurred at the house of one Jayaprakash, when he along with his family members, had reportedly gone out of station after locking the house.

On Mar. 23, Jayaprakash and his family had been to Sringeri and later to Bengaluru, for an eye surgery. They were staying at their relative's house, when Jayaprakash received a call from his neighbour on Apr. 1, informing him about the back door of his house left ajar.

Panicked Jayaprakash came home in the evening and found the valuables stolen. Saraswathipuram Police have registered a case.

Mobile phone, charger found in jail barrack trash can

Mysuru, Apr. 4 (GA&BCT)- Prison staff at the Mysuru Central Jail seized prohibited items during a surprise inspection conducted late on March 31. Acting on the orders of the Chief Superintendent, officials searched the barracks at around 10.50 pm in the punishment wing.

During the inspection, security personnel checked the area near the toilet of Cell No. 4 using a non-linear junction detector (used to search electronic components) and discovered a mobile phone and a charger concealed inside a trash bin.

The seized items were taken into custody and a case has been registered under the Karnataka Prison Rules.

The matter has been handed over to the Mandi Police for further investigation.

Stock market scam: Woman loses Rs. 16.7 lakh

Mysuru, Apr. 4 (SPN&BCT)- A woman from Vijayanagar 3rd Stage has fallen victim to a stock market fraud, losing Rs. 16.7 lakh.

The incident began when she came across a stock market advertisement on YouTube and clicked on the link to express interest. Soon after, a man identifying himself as Veer Rawat contacted her and allegedly claimed that investing heavily in crude oil stocks could yield crores of rupees in profit.

Believing his assurances, the woman transferred Rs. 16.7 lakh in stages to the bank account specified by him. She later realised that she had been cheated.

Following her complaint, the Mysuru City Cyber Crime Police have registered a case and launched an investigation into the incident.

Ramanavami Music Concerts in city

Vid. J.A. Jayanth presenting a flute recital at Ganavisharada Bidaram Krishnappa's Sri Prasanna Seetharama Mandira on N.S. Road in city last evening as part of the 110th Ramanavami Annual Heritage Music Festival. He is accompanied by Vid. K.V. Prasad on mridanga and Vid. Guruprasanna on khanjira. Picture below shows Vid. Abhishek Raghuram presenting a vocal concert, accompanied by Vid. Gokul Alankode on violin, Vid. Kishore Ramesh on mridanga and Vid. Sumukh Karanth on khanjira, at the Seetharama Mandira on Apr. 2.

At Smt. Alammana Choultry...

Vid. Girija Shankar Sundaresan presenting a Classical Music at Smt. Alammana Choultry in Srirampet last evening as part of the 136th year Sri Ramothsava Sangeethothsava-2026 organised by Sri Ramabhyudhaya Sabha Charitable Trust, Mysuru. He is accompanied by Vidu. Jyotsna Srikanth on violin, Vid. Jayachandra Rao on mridanga and Vidu. Sukanya Ramgopal on ghata. Picture below shows C.R. Himamshu, Secretary of Sri Prasanna Vidya Ganapathi Mahotsava Charitable (SPVGMC) Trust, being felicitated by Sri Ramabhyudhaya Sabha at Smt. Alammana Choultry on Apr. 2. He is seen flanked by Pt. M. Venkatesh Kumar and Sri Ramabhyudhaya Sabha Charitable Trust President Dr. Sriram. STANDING FROM LEFT: *Nanjunda Swamy, Guru Prasad, Sridhar, Gopal Krishna, Ravi, Padaki, Phanindra, Padma Ananth, Janardhan, Suresh and Jagadeesh.*

Shrimathi Devi's concert
in Akashvani's natl. programme

Mysuru, Apr. 4- Adding a new dimension to Mysuru's rich musical heritage, for the first time, a Hindustani vocal performance has been recorded at Mysuru Akashvani for Akashvani's National Music Programme.

As part of the Ravivasariya Akhila Bharatiya Sangeet Sabha series, city-based Vidushi Shrimathi Devi from Kergalli presented a Hindustani vocal concert.

She was accompanied by Sumit Nayak on tabla and Prasad Kamath on harmonium. **The programme will be broadcast nationwide on all Akashvani Stations on Apr. 5 at 10 pm.**

"This is a precious opportunity for music artistes," said Vidu. Shrimathi Devi, who is currently pursuing music studies under Vidu. Apoorva Gokhale in Mumbai.

Shrimathi Devi is a noted Hindustani vocalist of the Gwalior Gharana and an A-grade artiste of All India Radio. Her musical journey has been shaped under the guidance of eminent gurus including the late Pandit Chandrashekhar Puranikmath, Pandit Narayan Pandit, Vidushi Padma Talwalkar, Pandit Vyasamurthy Katti and Ravikiran Manipal. She later continued her training under Vidushi Apoorva Gokhale, further refining her art.

She is a recipient of the prestigious CCRT Junior Research Fellowship and had earlier been awarded the CCRT scholarship by the Ministry of Culture at a young age. She is also a winner

Vidu. Shrimathi Devi

of the All India Radio National Music Competition in Hindustani vocal and has directly earned a graded artiste status. She has secured top ranks in Sangeet Alankar and Vidwat examinations.

Academically, she holds a Post-Graduate degree in English Literature with second rank and also a PG degree in Hindustani Music. Among her significant contributions is the 'Nadapiya' project, through which she has documented and preserved 100 bandishes of her guru Pandit Narayan Pandit in vocal form.

A multi-faceted personality, she is recognised as an artiste, writer, researcher and Guru. As a writer and researcher, she has published articles in several reputed magazines and journals.

Her music reflects a deep commitment to raga aesthetics, with a natural and unhurried development of ragas. She possesses a rich repertoire of beautiful and diverse bandishes, which come alive with emotional depth in her performances.

Kannada play 'Party' staged at Kirurangamandira
The play to be restaged today & tomorrow

Mysuru, Apr. 4 (SPN&VNS)- Senior critic Prof. O.L. Nagabhushana Swamy inaugurated the staging of the play 'Party' by Niranthara Foundation at Kirurangamandira in Kalamandira premises yesterday. **The play will be staged today and tomorrow at the same venue at 7 pm.**

Speaking on the occasion, Prof. Swamy recalled the achievements of Niranthara Foundation and highlighted its unique position in Kannada theatre. He opined that theatre was a reflection of life and stressed for need of staging plays which are based on pro-societal thinking and cultural responsibilities.

Play Director Chidambara Rao Jambe, Rangayana Director Satish Tiptur, playwright Prasad Kundoor, M.M. Suguna, Prof. Kalachennegowda, Lokesh Mosale, Chinnaswamy Oddagere, senior theatre artiste Rameshwari Verma, Ratna Mirle, Srinivas, Dr. Rekha, Raghu Reddy, S.V.R. Swamy and many other dignitaries took part.
